By sharing our knowledge, experience and expertise, we will ensure Cheshire Farm Ice Cream adds value to your business.”

# Our Story

We are united by a simple purpose: making the finest quality real dairy ice cream and serving up an experience to go with it.

Working with local farmers in the heart of the Cheshire Plains, our family has been creating award-winning Cheshire Farm Ice Cream for nearly 40 years.

**It all began in 1986, when dairy farmers Tom and Margaret Fell saw a gap in the market for luxury real dairy ice cream.**

The company now supplies more than 1,000 outlets throughout the North West and hundreds more nationwide via our distribution partners. Our state-of-the-art production facility can produce over 10,000 litres a day and is still located in the heart of Cheshire where it all started.

Staying true to its roots, Cheshire Farm Ice Cream remains a family affair - two generations of the Fell family are still at the heart of the company. The Fell family oversee all aspects of the business, ensuring the highest standards are maintained at every stage of the production process, bringing personal commitment and passion for our products to your business.

Nearly 40 years on, fresh milk is still sourced from cows that graze the luscious Cheshire Plain pastures surrounding the farm. In the heart of the English countryside, milk from this region is widely recognised as the best in the country and is key to ensuring the highest quality real dairy ice cream is produced.
