IS YOUR BUSINESS READY FOR NATASHA'S LAW?

HARLECH

EST **FOODSERVICE** 1972
GWASANAETH BWYD

VISIT OUR WEBSITE FOR MORE INFORMATION

The UK Food Information Amendment, also known as Natasha's Law, comes into force from **October 1st 2021**, affecting all catering and retail businesses that prepare and package foods for direct sale (PPDS)

Any food prepared and packaged in an establishment and put on a shelf, in a hot cabinet or in a refrigerator to be purchased and consumed must include a comprehensive label listing of ALL ingredients and allergens.

HOW CAN HARLECH FOODSERVICE HELP YOU?

Creating a label, listing every ingredient and allergen for each individual item can be a daunting task, especially for smaller independent businesses. Harlech Foodservice, in conjunction with Erudus, offer a simple solution that we are proud to offer free of charge to our customers. Contact our Account Advisors for your log in details enabling you access to comprehensive nutritional breakdowns, dietary advice and allergen information on over 20,000 products.

In addition, we can supply you with the Daymark Safety System, facilitating on demand production of shelf life, food rotation and complex grab and go product labelling.

Accessible from any internet connection; shelf life, nutritional facts, allergen information and preparation data can be organised, monitored and modified virtually anytime and anywhere. As well as printing your food rotational and food safety labels, the tablet allows you to store video and recipe data. The tablet is supplied with a silicone cover to help protect the device in your kitchen and can be easily fitted to a station using the purpose-built wall mount.

Please contact our Account Advisors on 01766 810 810 to order yours and get prepared for October.

With our range of sandwich fillers on page 6 you can be confident of consistency of ingredients when preparing your food to go.
